SITE-BASED PROFESSIONAL DEVELOPMENT PROGRAM

Professional Development Program Overview 2003-2004

The primary focus of English/language arts professional development will be review and revision of curriculum documents (HS 6A-H). Additionally, teachers will have the opportunity to participate in a Primary Source workshop on January 20th on American History (D 1). Teachers who have not yet been trained in Differentiated Instruction (HS 1) or Student Learning Styles (HS 7) may select either workshop for two of the morning professional development sessions. Additionally, teachers may participate in Apple Technology training on November 4th or March 12th (HS 2 or HS 3). Teachers should consult with the department director before choosing from the available options.
